POLICY 11

Casual Regatta Day Member Policy

This policy was created so that past members have the opportunity to row at local regattas on a casual basis without having to pay a full years membership sub.

- The terms and conditions agreed to by the committee for this membership category are:

1. The rower must have previous competitive rowing experience that is acceptable to the Club Captain

2. The membership period excludes training days

3. No late regatta entries, or on the day entries, accepted

4. The rower must be registered online as an Invercargill Rowing Club member, along with the associated requirement to also register online with (RNZ) Rowing Connect

5. Each season the rower must pay the club the SRA $18 affiliation fee prior to competing in a regatta for that season

6. The rower must pay the club a Casual Regatta Day membership fee of $20 prior to submitting an entry for each local regatta. Entries for regional, or national regattas membership fee would be $20 per day, plus other associated boat towing and entry costs.
